

Denver Mineral Exploration Symposium 2026 Sponsorship Prospectus

DMES brings together leading professionals from across the globe for a focused program on foundational science, emerging discoveries, and innovative technologies. Hosted in Golden, the Symposium provides a dynamic platform for exchanging knowledge, showcasing new opportunities, and strengthening partnerships. Sponsorship of this event offers direct visibility to influential stakeholders driving the future of mineral exploration.

The proceeds of DMES are used to benefit students through our partner organization, the Earth Resources Innovation Institute. ERII seeks to revitalize the minerals and mining workforce through hands-on, interdisciplinary training that connects education, innovation, and industry. More information is available at eriinstitute.com. **To become a sponsor, contact Lauren Terry at info@eriinstitute.com.**
